Important Health Warning: Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people with no history of seizures or epilepsy may have an undiagnosed condition that can cause "photosensitive epileptic seizures" while watching video games. Symptoms can include light-headedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, momentary loss of awareness, and loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. **Immediately stop playing and consult a doctor if you experience any of these symptoms.** Parents, watch for or ask children about these symptoms—children and teenagers are more likely to experience these seizures. The risk may be reduced by being farther from the screen; using a smaller screen; playing in a well-lit room, and not playing when drowsy or fatigued. If you or any relatives have a history of seizures or epilepsy, consult a doctor before playing.

characters

War

The first Horseman of the Apocalypse, War has been framed for the premature arrival of Armageddon and the annihilation of mankind. The falsely accused rider returns to a demon-infested Earth with his epic blade the Chaoeater in hand, in search of an answer that will ultimately allow him to restore the balance between Heaven and Hell. War will be confronted by powerful remnants of Heaven's army and endlessly pursued by tortured Hell-spawn in his quest. However, War will stop at nothing to reach The Destroyer and claim vengeance.

The Watcher

After The Charred Council stripped War of his powers, they assigned The Watcher to ensure that War not overstep his bounds. The Watcher is given authority to end War's life should the need arise. A nuisance at times and a guiding light at others, The Watcher is a part of War, so he better learn to live with him.

Samael

Once a mighty and greatly feared demon, the grotesque Samael now lives imprisoned after attempting to rise against The Destroyer. War must seek the aid of Samael if he hopes to ultimately face his dark nemesis.

The Destroyer

The Destroyer's identity and purpose is shrouded in a veil of malicious intent. Unfortunately, if War does indeed intend to clear his name and restore the balance of good and evil, he must confront The Destroyer atop the towering monument from which he reigns.
